

Public Health stepping up to keep you safe and well

Fight The Bite to protect you and your family from mosquito borne disease.

The water at the public pool is clean and safe because it is regularly inspected by local councils and regulated by SA Health.

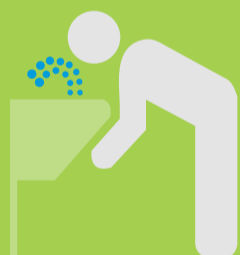

The Food Safety Rating certificate on the café door shows it has high standards of food handling and cleanliness.

Your local park is maintained by your Local Council and kept green with safe, recycled wastewater.

Drop in at your local immunisation clinic for your annual flu shot.

The water is safe and clean because it's regulated by SA Health.

The more stars the healthier it is.

The shared pathway makes choosing to walk or cycle easy and safe.
