KEY PRIORITIES

STRATEGIC OBJECTIVES

Enabling Professionalism

- Nurses and Midwives:**
- Will be leaders and drivers of change across the health care system
 - Influence, shape and design health services through effective policy and decision making
 - Recognise and celebrate our professional identities
 - Value their contribution to the health and wellbeing of South Australians
 - Will continue to work collaboratively to extend their full scope of practice
 - Commit to caring for themselves and each other

Connecting Care

- Nurses and Midwives:**
- Provide compassionate, reliable person centred care that is timely, appropriate and supports wellbeing
 - Bring a unique body of knowledge essential to the development of successful models of care
 - Are at the forefront of clinical governance
 - Recognise and enable a person's right to self-determination for wellbeing
 - Recognise and welcome diversity in the community

Workforce Agility

- Nurses and Midwives:**
- Will promote and build a sustainable, resilient, contemporary and adaptive workforce to meet the needs of the community
 - Will foster strong authentic leaders at all points across the care continuum
 - Recognise the value of life long learning opportunities
 - Embrace a culture of respect and create continual opportunities for growth and professional development

Research and Innovation

- Nurses and Midwives:**
- Recognise research is essential in driving innovation and translating evidence into practice
 - Are early adopters of technology into care
 - Will utilise data and information to innovate, create and support decision making
 - Use evidence to predict and plan future health care directions
 - Value innovation through collaboration and partnerships
