

The CALHN Wheelchair & Seating Service is a specialised service for people requiring equipment and seating solutions for their individual postural needs.

About

We are a team of specialised clinicians and technicians who have experience at providing customised & complex interventions in the areas of: posture, seating & equipment technology. We specialise in seating systems for manual wheelchairs, powered wheelchairs and mobile shower chairs.

Service Offers

We work collaboratively with clients, carers, support workers and therapists to provide the following services:

- > postural assessments
- > assessment & prescription of equipment and seating systems
- > modification & manufacture of seating systems
- > pressure mapping
- > 3D scanning & foam routing for seating systems
- > repairs & maintenance

Scope

We are a Registered NDIS Provider and currently provide services to participants of NDIS, LSA, DVA, DHS Equipment Program, Compensable and Private individuals.

Process

Referrals can be made via phone, email or referral form.

Following a referral to our service, we will be in contact to schedule an appointment at our service site.

We have 2 clinic spaces equipped with lifting and transfer equipment, assessment plinths and accessible facilities (toilets, parking)

At the initial appointment we will:

- > discuss needs and goals
- > complete a postural assessment
- > reach an agreed solution
- > complete a Service Agreement to engage with the funding body
- > provide relevant reports and / or documentation

Process (continued)

Once funding has been approved, we assist with the ordering and fabrication of the equipment and / or seating system required.

Once the equipment has been received and is ready for trial we will schedule an appointment for:

- > fitting & trial
- > modifications / adjustments
- > schedule follow-up fittings as needed

Technician Support

We have technicians on site who are able to assist with repairs and maintenance of equipment.

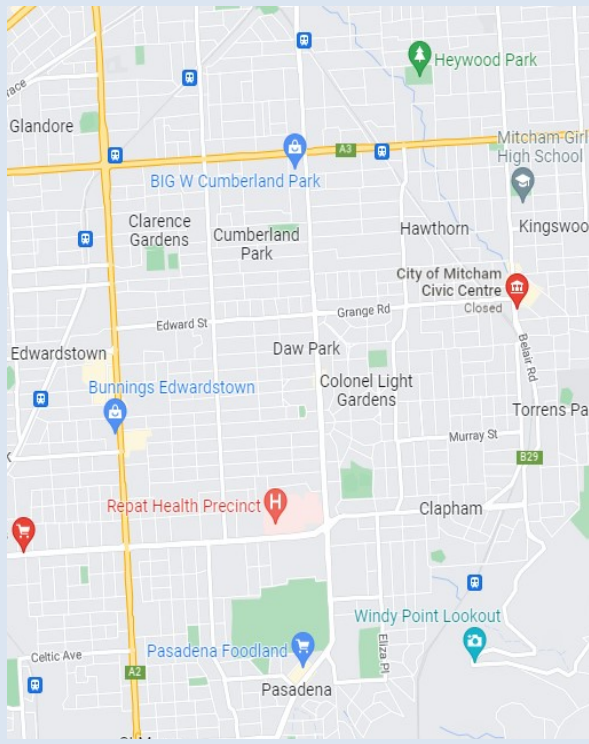

They are able to order parts from suppliers and manufacturers to fit and customise as required.
