From the Presiding Member

It has been interesting reflecting on a challenging year for health as we navigate our way out of the COVID-19 Pandemic. During trying times and extra pressure on staff, we saw our health service step up and continue to provide excellent care to the public. The Port Broughton District Health Advisory Council have nothing but admiration for all who work in and contribute to the running of our hospital and health service.

The HAC has moved forward with some long-awaited upgrades and improvements around the hospital. These works have been gradual and are ongoing, including replacement carpeting, air-conditioning and a bathroom upgrade in the nursing residential flats. The records storage space has been moved and consolidated into the old theatre and the courtyard area shade upgraded. None of this work would be possible without grant funding, careful planning, and the support of our local community. Particularly of note is our Hospital Auxiliary, whose tireless fundraising make such projects possible.

Service Planning commenced for both Southern Flinders and Port Broughton District Hospital and Health services. Extensive consultation with community, clinicians and stakeholders has informed the current draft plan. We look forward to seeing the final plan begin to be implemented.

Thank you to our current HAC members for their time and dedication to our hospital. I would also like to acknowledge Kirsty Palmer, our Administration Officer for her skills in keeping our HAC informed and on track!

Report on the Financial Report

Audit Opinion

We have audited the accompanying financial report of Port Broughton District Health Advisory Council Inc. (the Health Advisory Council), which comprises the statement of financial position as at 30 June 2023, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising summary of significant accounting policies and other explanatory information, and the statement by the presiding member and operational finance manager.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Health Advisory Council in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the financial report in Australia, and we have fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Health Advisory Council's Responsibility for the Financial Report

The Health Advisory Council is responsible for the preparation of the financial report that presents fairly in accordance with the Health Care Act 2008, Treasurer's Instructions promulgated under the provisions of the Public Finance and Audit Act 1987, Department of Health Accounting Policies, applicable Accounting Standards and other mandatory professional reporting requirements in Australia. This includes responsibility for the maintenance of adequate accounting records and internal controls that are designed to prevent and detect fraud and error, and for the accounting policies and accounting estimates inherent in the financial report.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Health Advisory Council's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Health Advisory Council's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
