WEDNESDAY 20 SEPTEMBER – LECTURE THEATRE 2, LEVEL 5; FLINDERS MEDICAL CENTRE

12:00-12:30pm	Lunch (including poster presentations)
12:30-1:25pm	<p>KEYNOTE PRESENTATION: "From little things, big things grow."</p> <p>Chair: Dr Nadia Wise – Vascular Surgeon & Director of Medical Services, Clinical Governance; SALHN Associate Professor Erin Symonds – Senior Research Scientist, Bowel Health Service; SALHN "The Southern Cooperative Program for the Prevention of Colorectal Cancer (SCOOP) – how a quality improvement program at FMC informed the National Bowel Cancer Screening Program"</p>
1:30-2:15pm	<p>AI AND MEDICINE: "The Digital Future is Now"</p> <p>Chair: Dr Nadia Wise – Vascular Surgeon & Director of Medical Services, Clinical Governance; SALHN Associate Professor Niranjan Bidargaddi – Associate Professor in Digital Health, College of Medicine and Public Health; Flinders University Dr Rohan Ward – Business Development Manager "Humanising health information delivery: Reducing cognitive load and digital noise" Dr Stephen Bacchi – Royal Adelaide Hospital Dr Josh Kovoov – University of Adelaide "Artificial intelligence and healthcare systems"</p>
2:20-3:00pm	<p>FLINDERS UNIVERSITY ADVANCED STUDIES MEDICAL STUDENTS – "Our bright future: meet our next generation of research superstars"</p> <p>Chair: Professor David Watson – Matthew Flinders Distinguished Professor of Surgery; Flinders University Senior Consultant Surgeon, Oesophago-Gastric Surgery, Flinders Medical Centre; SALHN and Associate Professor Craig Whitehead – Clinical Director, Rehab, Aged & Palliative Care; Flinders University and SALHN Jennifer Pham – "Can the faecal immunochemical test determine the need for colonoscopy in patients presenting with iron deficiency?" Gabby Shea – "Endometriosis Diagnosis Pathways in South Australia: A qualitative study" Nicholas Morfidis – "Paediatric weight estimation formulas in an Australian paediatric emergency department: A retrospective cross-sectional study" Lorraine Ho – "A qualitative study on the experiences of women undergoing symmetrisation surgery for developmental breast asymmetry" Minjoo Kwon – "Understanding Men's Engagement and Disengagement when seeking support for mental health"</p>
3:00-3:30pm	Coffee Break (including poster presentations)
3:30-5:00pm	<p>SALHN RESEARCH EXCELLENCE – FREE PAPER PRESENTATIONS</p> <p>Chairs: Dr Kathryn Martinello, Consultant Neonatologist; SALHN Associate Professor Savio George Barreto, Consultant, HPB Liver Transplant Unit, Flinders Medical Centre; SALHN Deputy Director, Medical Program (MD); Flinders University Dr Victoria Tang – "Childhood myopia is significantly associated with Circadian rhythm disruption and poor sleep" Dr Mark Hassall – "Polygenic risk predicts the success of first-line treatment for glaucoma" Mr. Greg Roberts – "Malglycaemia exposure in the critical care setting and hospital mortality: the need to challenge conventional thinking" Associate Professor Nicola Dean – "Measuring outcomes of Facial Skin Cancer Surgery using the Face-Q Skin Cancer Module" Dr Charlotte Wade – "Improving Skin to Skin Contact at Elective Caesarean Section: A Quality Improvement Initiative at a Tertiary Maternity Facility in South Australia" Ms Kathryn Tiver – "Sodium-Glucose Co-Transporter 2 Inhibitor Use in Type II Diabetes Mellitus is Associated With a Lower Rate of Atrial Arrhythmias in a Real-World Population" Ms Sarah Madigan – "Changes in physiological parameters measured by cardiopulmonary exercise testing in patients with systemic sclerosis"</p>

From little things, big things grow

**Associate Professor
Erin Symonds**
Senior Research Scientist,
Bowel Health Service; SALHN

Our bright future: meet our next generation of research superstars

Chaired by
Professor David Watson
Matthew Flinders Distinguished Professor of Surgery; Flinders University
Senior Consultant Surgeon, Oesophago-Gastric Surgery Unit,
Flinders Medical Centre; SALHN
