## Median and Maximum Outpatient Waiting Time by Specialty and Hospital as at 31 July 2018

Clinicians assess the urgency to be given to a patient referral based on information provided. These waiting times do not apply to urgent referrals that may need to be seen by a clinician within 30 days, they are for routine or non-urgent patient referrals that can be added to a waiting list for an appointment. These waiting times are for new patients who have been referred and have not been given an appointment and are 'unscheduled'.
