TRAVEL HEALTH ALERT
Have you recently arrived from overseas or returned from overseas travel?

STOP
Do you have a fever, cough, sore throat, trouble breathing or other acute respiratory illness?

Immediately on arrival, please inform reception about your symptoms and that you have recently been overseas.

- Ask for a face mask to cover your nose and mouth and ensure that you are seated away from other people while you wait to see a doctor or nurse.
- Cover your nose and mouth with a tissue when coughing or sneezing, or cough into your elbow.
- Immediately throw tissues away in a bin and then either wash your hands with soap and water or use alcohol based hand gel.
- When you see a doctor or nurse, ensure you tell them about your symptoms and that you have been overseas.
