

4 May 2020

## **COVID-19 UPDATE 31: MONDAY 4 MAY 2020**

### **‘Let’s not undo all the good’ campaign launches**

SA Health has launched a new phase of the Stop the Spread campaign.

It encourages South Australians to keep playing their part to help stop the spread of coronavirus by continuing to practise good hygiene, keeping 1.5 metres apart and downloading the COVIDSafe app.

Share the video on [Facebook](#) and [YouTube](#).

### **Transition team established to manage post COVID-19**

A high-level Transition Committee will guide the process of moving out of the COVID-19 health emergency and restoring the social and economic health of the state.

The Committee has been tasked with prioritising the easing restrictions with a low public health risk and high social and economic value.

### **Public parks and playgrounds to re-open in SA**

In the early stages of the pandemic, a number of councils closed parks and playgrounds, which was appropriate at the time, although there was no specific requirement to do so.

Now that we have low levels of cases and there is no current evidence of community transmission in South Australia, it is safe to enjoy these public facilities again.

SA Health recommends parks, playgrounds and skate parks can re-open with signage that reinforces social distancing, size of gatherings and information about hygiene requirements.

SA Health also recommends councils clean playgrounds and amenities regularly.

### **COVIDSafe app promotional materials**

South Australians are being encouraged to download the [COVIDSafe](#)

[app](#) to help speed up contacting people who have been exposed to COVID-19.

Promotional materials to help promote the app are available to download [here](#).

### **SOUTH AUSTRALIA COVID-19 CASES**

- > No new cases today
- > 438 confirmed cases in total
- > 427 people have recovered from COVID-19
- > Sadly, there have been 4 COVID-19 related deaths in SA to date
