KEEP THE POOL CLEAN, SWIMMERS

Public pools need to be clean to be safe. If we are sick, we can spread those germs through the water.

DON’T get in the pool if you’ve got DIARRHOEA

DON’T get in the pool for 2 weeks after having DIARRHOEA

Change nappies in nappy change areas, NOT POOLSIDE

Have fun in a CLEAN pool

PUT babies and toddlers in PROPER swimming nappies

SHOWER and WASH with soap before you SWIM

Try NOT to get POOL WATER in your mouth

CHLORINE kills most germs, but some germs can stay alive for DAYS
