ROLE CONTEXT

Primary Objective(s) of role:

Statewide Clinical Networks are groups of health professionals, health service organisations, consumers and carers who work collaboratively with the goal of high quality care. Statewide Clinical Networks operate across the continuum of care, across private and public sectors and across all Local Health Networks — both country and metropolitan.

The primary role of the Statewide Cancer Clinical Network Clinical Lead will be to provide leadership to the Statewide Cancer Clinical Network in undertaking its roles and responsibilities as described in Statewide Clinical Networks — A framework for delivering best value health care through excellence and innovation — February 2019.

The Statewide Cancer Clinical Network Clinical Lead will:

> Require a commitment to the delivery of statewide services and thinking ‘whole of system’.
> Demonstrate a commitment to service performance, evidence based practice, improving health outcomes for consumers and ensuring the health system provides best value to the community.
> Demonstrate a commitment to strategic planning outside of their own individual service.
> Demonstrate an ability to lead a complex team and to engage with consumers and clinicians across a range of professions and genders.
> Be respected by their clinical peers and demonstrate ability to influence change and improve service delivery.

The Statewide Cancer Clinical Network Clinical Lead will be accountable to the Commissioner of the Commission on Excellence and Innovation in Health.

The Commission on Excellence and Innovation in Health will have a supportive role in guiding the work of the Statewide Cancer Clinical Network through provision of data, analysis, identifying system issues, and providing project management expertise, improvement methodology, knowledge and skills as well as administrative support.

Organisational Context

Organisational Overview:

Our mission at SA Health is to lead and deliver a comprehensive and sustainable health system that aims to ensure healthier, longer and better lives for all South Australians. We will achieve our objectives by strengthening primary health care, enhancing hospital care, reforming mental health care and improving the health of Aboriginal people.

SA Health is committed to a health system that produces positive health outcomes by focusing on health promotion, illness prevention and early intervention. We will work with other government agencies and the community to address the environmental, socioeconomic, biological and behavioural determinants of health, and to achieve equitable health outcomes for all South Australians.

Our Legal Entities:

SA Health is the brand name for the health portfolio of services and agencies responsible to the Minister for Health and Wellbeing. The Department for Health and Wellbeing is an administrative unit under the Public Sector Act 2009.

The legal entities include but are not limited to the Central Adelaide Local Health Network Inc., Northern Adelaide Local Health Network Inc., Southern Adelaide Local Health Network Inc., Women’s and Children’s Health Network Inc., Country Health SA Local Health Network Inc. and SA Ambulance Service Inc.

SA Health Challenges:

The health system is facing the challenges of an ageing population, increased incidence of chronic disease, workforce shortages, and ageing infrastructure. The SA Health Care Plan has been developed to meet these challenges and ensure South Australian’s have access to the best available health care in hospitals, health care centres and through GPs and other providers.

The Commission on Excellence and Innovation in Health:

The Commission on Excellence and Innovation in Health will provide leadership and advice on clinical best practice with a focus on maximising health outcomes for patients, improving care and safety, monitoring performance, championing evidence-based practice and clinical innovation, and supporting clinical collaboration.

The Commission will bring together expertise from clinicians, consumers, health partners and other relevant stakeholders to maximise health outcomes for patients.
Values

SA Health Values

The values of SA Health are used to indicate the type of conduct required by our employees and the conduct that our customers can expect from our health service:

- We are committed to the values of integrity, respect and accountability.
- We value care, excellence, innovation, creativity, leadership and equity in health care provision and health outcomes.
- We demonstrate our values in our interactions with others in SA Health, the community, and those for whom we care.

Code of Ethics

The Code of Ethics for the South Australian Public Sector provides an ethical framework for the public sector and applies to all public service employees:

- Democratic Values - Helping the government, under the law to serve the people of South Australia.
- Service, Respect and Courtesy - Serving the people of South Australia.
- Honesty and Integrity - Acting at all times in such a way as to uphold the public trust.
- Accountability - Holding ourselves accountable for everything we do.
- Professional Conduct Standards - Exhibiting the highest standards of professional conduct.

The Code recognises that some public sector employees are also bound by codes of conduct relevant to their profession.
