

Port Pirie lead-smart gardening practices

WASH ALL
produce before
eating

PEEL fruit and
vegetables

REMOVE and
discard outer
leaves

USE raised
garden beds
with **CLEAN** soil

ADD organic
matter

COVER
bare soil

DON'T grow
and eat leafy
vegetables

DO:

- > Wash **ALL** produce before eating
- > Peel fruit and vegetables
- > Remove and discard outer leaves of produce
- > Use raised garden beds with clean soil
- > Add organic compost matter that is not locally grown
- > Cover bare soil
- > Choose produce that has been grown outside of Port Pirie for a healthy balanced diet if you are pregnant or feeding young children

DON'T:

- > Grow and eat leafy vegetables
- > Grow produce around the drip line of home
- > Use rainwater on vegetables

DON'T grow
produce around
drip line of house

USE mains
water
