Referral Criteria

PLEASE NOTE: The Neuropsychiatry Clinic does not accept external referrals. All referrals must be made by a medical or surgical specialty unit within Central Adelaide Local Health Network.

Appropriate referrals include patients **already under the care of a CALHN specialty medical or surgical** unit with:

1. Co-morbid psychiatric illness requiring assessment and management
2. Complex psychiatric pharmacotherapy issues requiring specialist input
3. Significant psychological factors contributing to clinical presentation (e.g. functional neurological symptoms) requiring further assessment
