

SA Health Metropolitan Specialist Outpatient Clinics

Median and Maximum Outpatient Waiting Time by Specialty and Hospital as at 30 April 2019

Clinicians assess the urgency to be given to a patient referral based on information provided. These waiting times do not apply to urgent referrals that may need to be seen by a clinician within 30 days, they are for routine or non-urgent patient referrals that can be added to a waiting list for an appointment. These waiting times are for new patients who have been referred and have not been given an appointment and are 'unscheduled'.

Specialist Outpatient Waiting Times as at 30 April 2019 – Report Published 1 July 2019

Information regarding hospital outpatient appointment waiting times was not reported by Department for Health and Wellbeing (DHW) prior to 1 July 2018. SA Health has a number of patient administration systems that have different reporting capabilities for outpatient waiting list information. At this time, the quality, accuracy and consistency of the outpatient data is a significant challenge for Local Health Networks and the DHW. SA Health recognises the importance of reporting accurate outpatient appointment waiting times and have dedicated resources to improve the accuracy of waiting list information.
