## COVID-19 UPDATE 62: FRIDAY 17 JULY 2020

### Engagement with multicultural community leaders

More than 40 community leaders and representatives from multicultural communities across South Australia met with SA Health yesterday to hear the firsthand experiences and issues affecting different communities during the pandemic.

These community forums and workshops are being held to ensure SA Health works closely with communities to distribute clear, informative and easy to understand health information.

Minister for Health and Wellbeing Stephen Wade, Assistant Minister to the Premier Jing Lee MLC, and Chief Public Health Officer Professor Nicola Spurrier were part of the discussions on ways SA Health can work with communities to support and inform all South Australians.
