

Information for patients South Coast District and Victor Harbor Private Hospitals

Located at scenic Victor Harbor, the South Coast District Hospital and Victor Harbor Private Hospital provide a comprehensive range of medical and surgical services to patients from metropolitan Adelaide and the Fleurieu Peninsula.

Medical officers are on site 24 hours a day, seven days a week. The medical staff are able to take the time to understand individual needs to ensure the best outcomes for patients. A team of doctors and specialists provide services which include general medicine, surgery, oncology and obstetrics. A range of allied health and community health services is available to patients if needed.

The rooms in the hospitals have garden views. As both hospitals are at ground level, they provide easy access to the outdoors, with courtyards and gardens, where children can play while the adults take in the fresh sea air.

Within short walking distance from the hospital, visitors can access the many local cafés, chemists, supermarkets and shops for which Victor Harbor is renowned.
