Early Phase clinical trials will need to be submitted at least 2 weeks before the final submission deadline to allow SALHN Drug and Therapeutic Committee review prior to SAC HREC review.

For investigator initiated studies at SALHN – Upon submission you will be invited to an operational meeting held between the study team and the SALHN Research Hub. The goal of this meeting is to assist local researchers in developing projects that satisfy SALHN requirements.

For SALHN studies - the SAC HREC encourages you to concurrently submit your SALHN Governance application with your Ethics application. This facilitates a timely review, as well as allowing SALHN to consider operational matters.
